

GRIP

Grab and go Bluetooth speaker with bold JBL Pro Sound and multi-purpose light

Grip the fun, anywhere, anytime.

At home or on the move, under the covers or under the stars—the grab-and-go JBL Grip is the speaker that's always within reach.

The JBL Grip is powerful for its size. JBL Grip may be compact, but its pro sound is big—punchy bass and crystal-clear highs. Whether it's setting the vibe for mindful morning stretches or soundtracking lazy beach days, the JBL Grip is our go-to.

The built-in light on the back panel is versatile, so we can set the mood for chill date nights, spontaneous hangs, and everything in between. Even in the dark, the simple button controls are easy to find, each one shaped to match its function.

Did we mention it's super tough? The JBL Grip is built to handle anything. With an industry-leading IP68 waterproof and dustproof rating, it goes wherever we do. Its drop-proof design means it can survive a hard fall onto concrete—no party fouls here.

All that, plus up to 14 hours of playtime with Playtime Boost. When friends roll through, we're using Auracast™ to stereo pair two Grips for instant surround sound. Why stop there? We can connect as many JBL Auracast™-enabled speakers as we've got for an all-out sound experience.

Solo chillin' or vibing with the crew—the JBL Grip is as flexible as we are.

Features

- ▶ Bold JBL Pro Sound
- ▶ Up to 14 hours of playtime
- ▶ Multi-purpose light
- ▶ Waterproof, dustproof, and drop-proof
- ▶ Multi-speaker connection with Auracast™
- ▶ JBL Portable app
- ▶ Recycled plastic and fabric, plus FSC certified paper packaging

GRIP

Grab and go Bluetooth speaker with bold JBL Pro Sound and multi-purpose light

Features and Benefits

Bold JBL Pro Sound

The JBL Grip may be small enough to hold in one hand, but it packs bold JBL Pro Sound. With AI Sound Boost, it analyzes music in real time, using an algorithm to optimize output for bigger sound with less distortion.

Up to 14 hours of playtime

Keep the mood going for 12 hours on a single charge—plus an extra 2 hours with Playtime Boost when the vibes are too good to stop.

Multi-purpose light

The speaker's back panel features an integrated light. With the versatile light, we can set the mood to match our mix. Choose among color options and adjust light intensity with the JBL Portable app.

Waterproof, dustproof, and drop-proof

We designed the JBL Grip to handle anything. Along with its waterproof and dustproof IP68 build, it's tough enough to keep playing—even after a 1-meter drop onto concrete. After all, it's the size of a soda can, and we all know how easy those are to knock over.

Multi-speaker connection with Auracast™

Want to share the vibes with the crew? With Auracast™, we can easily stereo pair two Grip speakers for a wider soundstage or connect multiple JBL Auracast™-enabled speakers to fill the space with the same playlist.

JBL Portable app

Customize the Grip's sound with a 7-band EQ, light color options, and intensity, and get updates and support directly from the JBL Portable app. That way, we can always match the sound and vibe to our mood, wherever we are.

Recycled plastic and fabric, plus FSC certified paper packaging

Built with post-consumer recycled plastic and fabric for the speaker grille, so we get big sound with less impact to the planet. It's also packaged in FSC-certified paper printed with soy ink.

Technical Specifications

General specification

- ▶ Model No.: JBL Grip
- ▶ Transducers: 43 x 80 mm fullrange
- ▶ Output power: 16 W RMS
- ▶ Frequency response: 70 Hz - 20k Hz (TBC)
- ▶ Signal-to-noise ratio: > 80 dB (A-Weighted)
- ▶ Battery type: Li-ion 10.01Wh (equivalent to 3.85V / 2600mAh)
- ▶ Battery charge time: 3 hours (5V / 3A)
- ▶ Music play time: up to 14 hours (dependent on volume level and audio content)
- ▶ Maximum operation temperature: 45°C

Wireless Specification

- ▶ Bluetooth® version: 5.4
- ▶ Bluetooth® profile: A2DP 1.4, AVRCP 1.6
- ▶ Bluetooth® transmitter frequency range: 2400 MHz - 2483.5 MHz
- ▶ Bluetooth® transmitter power: ≤ 14 dBm (EIRP)(TBC)
- ▶ Bluetooth® transmitter modulation: GFSK, $\pi/4$ DQPSK, 8DPSK

Product Dimensions

- ▶ Dimensions (W x H x D): 64mm x 152.5mm x 65.2mm/ 2.52 x 6 x 2.56"
- ▶ Net weight: 0.385 kg/ 0.849 lbs
- ▶ Packaging Dimensions
- ▶ Dimensions (W x H x D): 80 x 165 x 90 mm / 3.15 x 6.5 x 3.54"
- ▶ Gross weight: 0.523 kg/ 1.15 lbs
